PEOPLE NEED PEOPLE
PEOPLE NOT PSYCHIATRY

Are you looking for a supportive network of people who care about each other?

Do you resent being labelled as "sick" because you have problems of living?

Do you believe that people can help each other in times of emotional stress?

Do you believe that much so called mental illness results from pressures exerted by society?

Do you believe that drugs alone will not solve your problems?

If so you may like to get to know more about P.N.P.

Come to one of our meetings at 45, Hardman Street, Manchester M3 3HD on Tuesday evenings at 7.30 pm. Or 'phone Jack Housden [740 6262] or 42nd Street [mornings 228 3150]. [Hardman Street is off Deansgate].
